

Business Services

Luxembourg

inlingua Luxembourg offers a wide range of services adapted to the needs of your company

Tailor-made language courses or e-learning solutions, with the aim of improving the general or professional language skills of your employees:

*Training throughout one's professional life means adapting to societal changes and progress within your company. **Your success is our goal.***

Our Quality Process

With a network of over 300 centres in 44 countries, inlingua International is a leader in the field of independent learning centres.

Our services are checked every year by inlingua international and are certified as "inlingua quality".

Continuous monitoring of training is essential for quality management.

Our training courses include reports to monitor the progress of your employees:

We ask learners to fill in an intermediate questionnaire after a few sessions

(impressions of the course, possible criticism and suggestions) so any area of the training course can be changed to suit and a questionnaire at the end of the training module.

Our Director of Studies also follows the development of the courses by maintaining close contact with our trainers (who have received intensive training in the inlingua direct method and receive training throughout the year to complete their profile).

Our trainers, whether native speakers or bilinguals, are qualified, passionate and committed to put their practical business experience to work for you!

OUR TRAINING COURSES

myinlingua®: Complete your training with additional online exercises in grammar, vocabulary and pronunciation, interactive, dynamic and individually adapted. Available on computer, smartphone and tablet.

inlingua® Classic: Individual and personalised training that helps you progress at your own pace.

inlingua® Crash Intensity Program: Keep the advantages of classic training with an intensive rhythm. Follow a rich programme of 15, 27.5 or 35 hours in a very short period.

inlingua® Corporate Club: Group training adapted to your pace and objectives.

Our consultants analyse your needs, our pedagogues test your employees and form your moderated groups (everyone must be able to express themselves within a rational time frame for optimal learning).

inlingua® Virtual Learning: Take your individual or group distance learning courses via our my.inlingua platform.

inlingua® Tailor-made: Mix and match your language objectives to create the most appropriate individual course for your needs and improve your general language level as well as your specific language.

inlingua® Business / ESP: Choose the Business option; General business English or English for Specific Purposes; specific to your field of activity.

inlingua® FOS: French for Specific Purposes training to learn French specific to your field of activity (also complementary to professional French diplomas).

Business Services

inlingua® Phone: In the form of a telephone conversation or a structured course, you will benefit from the challenge of distance communication, combined with the inlingua method. Individual sessions of 30 minutes.

inlingua® Email: Ideal for methodology and specific email vocabulary or for practising written expression. Customised programs and number of emails.

inlingua® Lux Nat: Obtain Luxembourgish nationality by following our individual or group courses of 30 hours for residents over 20 years old or à la carte for residents under 20 years old.

inlingua® Bilan de compétences: Certify your language level by testing all your skills or your oral skills only. Corrected by our examiners, graded according to the European Framework of Reference for Languages Reference Framework for Languages (CEFR), certificate given directly and recognized in all institutions.

inlingua® e-TEF: Improve your CV, complete your application to emigrate to Canada or your application for French nationality or residence permit by taking the French Evaluation Test and certify your general French level for 2 years! Quick individual sessions and à la carte.

inlingua® e-DFP: Validate your language skills in your main professional functions by completing the Diplôme de Français Professionnel and certify your level of professional French! Quick individual sessions and à la carte. For non-French speaking professionals in the following sectors: business, hotels and restaurants and catering, international relations and diplomacy, tourism and hospitality, law and legal, health and medical and medical, tourism and hospitality with the option of a guide.

Training aid measures

The Luxembourg State is responsible for through the INFPC the co-financing of the costs of your training courses, the aim of which is to improve your knowledge.
